

The NSW GBOTA wishes to advise participants that changes will occur to the structure of Wentworth Park trials on a Tuesday night from July 1, 2017.

The NSW GBOTA is in the process of updated to the Trialbooker System, which will allow bookings to be taken from 6pm for both trials into the pen and finish on.

All trials must be booked by 3pm on the Tuesday, ensuring that there is an open and transparent system for all participants. The online functionality will be supported by phone support from NSW GBOTA staff.

Participants are now able to register online at <https://trialbooker.com/register/>

The move will allow participants to trial in a specified window and exit once trials are completed and greyhounds are cooled down and hydrated. The changes in the view of the NSW GBOTA improve animal welfare by decreasing exposure to the lure for dogs waiting to trial, and participants.

Bookings will open the Friday prior at 11am. Participants will be able to call 02 85871202 or log on to <https://trialbooker.com> to book the next available trial.

Trials into the catching pen will be allotted 2 minutes per trial, while finish or lead ons being allocated 4 minutes.

Ten by 2minute slots will be allocated to a 'block' (max 20 minutes per block) with the trainer to nominate at the time of booking the distance and type of trial needed. Once a block is full trials will be arranged so they flow in the following order:

Order per block, where trial booking exist:

- 280m Maiden 4 dog field - papers required at boxes
- 280m Solo
- 200m slip
- 280m Finish On
- 280m Box to Box Finish On
- Catching Pen slips
- Catching Pen Finish On
- Post to Post
- Post to Post Finish On
- 520m Maiden 4 dog field - papers required at boxes
- 520m Solo
- 520m Finish On
- 520m Box to Box Finish On
- 600m slip
- 600m slip Finish On
- 720m

The tractor will be circulated around the track following every 20minute block - has a maximum of 10 trials.

Implementation of July 1, aligns with the roll out of the hoop arm, providing consistency between into the pen and finish on trials.

All trials require a muzzle to be worn, **no muzzle = no trial**. This will be particularly important with the hoop arm given increased chance of damaging the carriage and therefore delaying the trial session.

Once teething issues are worked through, the NSW GBOTA will assess roll out at all NSW GBOTA tracks.

Information sessions will be undertaken at Wentworth Park race meetings in the lead up to system roll out.

A notice will be generated with important information. The key notes here, consistently will be:

- Persons handling greyhounds and on the track, in line with the National Racing Rule must be licenced with a Controlling Body
- All persons handling a greyhound or entering the track surface must have enclosed footwear
- Restrictions apply on distances where slipping can be undertaken. These include in the immediate vicinity of the catching pen gate; which may prevent safe closure. (pictured in red, on below track map) Additionally no slip of less than 200m into the catching pen will be undertaken. (Marked in yellow on below track map)
- When slipping, the participant releasing the greyhound must be at least 3 meters from the running rail, with constant monitoring of the lure.
- Greyhounds being slipped must not be released until the lure has passed the handler.
- A handler may not have more than 2 greyhounds on the track at any one time, and where slipping 2 at the same time, collars must be on greyhounds to ensure they are held while lure is in run up motion.
- By undertaking a booking, you understand the requirements of booking.
