Further privacy regarding Members Details (Staff)

It is vital that staff maintain discretion in ALL aspects of customer relations at ALL times.

Staff are not permitted to divulge information pertaining to our members, patrons and guests or participants in regards to their spending within the club (for example – if a ‘family member’ called to find out what tier “*Andrew Citizen*” belonged to - that detail would not be allowed to be given out). By informing anyone of the tier a member is connected with, the spending habits of the member involved can be worked out – and that information is confidential.

Staff must also maintain confidentiality when it comes to the length of time a patron has been in the club. Details regarding the length of time a patron has been on the premises are confidential, and must remain so unless requested by Senior Management or the Police.
